EXPERIENCE

Jan 2026 - current

CAFM Admin *Elegancia Facilities Management*

I coordinate with maintenance teams, supervisors, and subcontractors to ensure all PPM and reactive tasks are properly logged, assigned, monitored, and closed within SLA requirements. I also support reporting functions by preparing performance dashboards, monthly reports, and operational summaries to assist management in decision-making.

Jan 2023 – August 2025

Sr. Software Developer, *Astral TechSoft*

I am responsible for designing, developing, and maintaining scalable and efficient software solutions aligned with business requirements. I lead technical implementation by translating functional needs into robust system architecture, APIs, and database designs while ensuring high performance, security, and maintainability. I also mentor junior developers through code reviews, technical guidance, and best practices, while actively collaborating with cross-functional teams such as QA, UI/UX, and DevOps to deliver quality software within deadlines. Additionally, I troubleshoot complex issues, optimize application performance, and contribute to continuous improvement of development processes and system reliability

Sep 2019 – December 2022

Software Developer *Fibonacci Engineering & IT Solutions Pvt. Ltd*

As a Software Developer Intern and Employee at Fibonacci Engineering & IT Solutions Pvt. Ltd, I contributed to the development and maintenance of applications under senior guidance. I gained hands-on experience in backend development, API integration, database handling, debugging, and version control, while working in a real-time project environment and following professional coding practices.

INTERESTS

I have a strong interest in cybersecurity, particularly in understanding how systems, networks, and applications are protected against vulnerabilities and cyber threats. I am eager to build knowledge in areas such as ethical hacking, network security, threat analysis, and secure software development practices. I enjoy learning how security principles can be applied during the software development lifecycle to build safer and more reliable applications. My goal is to continuously develop my skills in cybersecurity and contribute to creating secure systems that protect data and prevent unauthorized access.
